The products are of high quality and the cost of production is less compared to the market price.</li> <li>3. They can prepare for their own use or they can setup small scale industry after their graduation and make their earnings.</li> </ol> |
| <b>Summary of the Proceedings</b> | Detergents and phenyl are the essential materials in our day-to-day life. Detergents have excellent cleansing properties and purely synthetic. There is no natural ingredient present in them, Whereas in phenyl, one of the major ingredient is pine oil which is extracted from pine trees. So, phenyl can be safely used for hygienic purposes.   |

| Summary of the Proceedings | <p>It brings together physical and mental disciplines to achieve a peaceful body and mind; it helps manage stress and anxiety and keeps you relaxing. To educate staff and students about importance of Yoga, International Yoga Day is celebrated by conducting special lecture on Yoga and Yoga Practice. The program started at 10.30 am in the college. Shri. Shivaji Nimbalkar, Yoga Teacher has invited as chief guest for the programme. He explained the importance and usefulness of performing Yoga. It also helps in increasing flexibility, muscle strength and body tone. It improves respiration, energy and vitality. Yoga asanas build strength, flexibility and confidence, he added. He made a demonstration of various asanas like Bhujasan, Dhanurasana, Siddhasana and more to the participants. Dr. M. T. Kurani, Principal presided over the programme. In his presidential remarks he said Yoga is not just about bending or twisting the body and holding the breath. It is a technique to bring you into a state where you see and experience reality simply the way it is. If you enable your energies to become exuberant and ecstatic, your sensory body expands. This enables you to experience the whole universe as a part of yourself, making everything one; this is the union that yoga creates. All teaching and non-teaching staff, students got benefitted from this program. Program concluded by vote of thank by Dr. B. G. Kulkarni.</p> |               |

| Summary of the Proceedings | <p>Yoga plays a significant role during the world crisis of Covid-19 as yoga boosts our immunity and is known to cure respiratory disorders. Pranayama or breathing exercises increase our oxygen intake by up to five times. Through this rich oxygenation of blood to the brain, heart, lungs, and digestive systems; our organs functioning is vastly improved thus also improving our overall health. As a healing and other alternative form of therapy, yoga helps to relieve stress and keeps the mind calm. Few 3/26 Coy NCC Cadets SW 19, SD 33 and ANO were participated in Yoga at their home 21- 06- 2020. Few selected photos were attached.</p>  |

| Objectives                     | <ol style="list-style-type: none"> <li>1. To find out the prevailing practices for menstrual hygiene among adolescent girls.</li> <li>2. To assess restrictions practiced by adolescent college girls during menstruation.</li> <li>3. To ascertain the association of awareness of menstruation and practices for menstruation hygiene with educational status of respondents.</li> <li>4. To assess the relative contribution of educational status of respondents of using unhygienic practices during menstruation.</li> </ol>   |
| Summary of the Programme:      | <p>Menstrual cycles often bring about a variety of uncomfortable symptoms leading up to your period. Premenstrual syndrome encompasses the most common issues, such as mild cramping and fatigue, but the symptoms usually go away when your period begins.</p> <p>Menstruation that is too heavy or too light, or the complete absence of a cycle, may suggest that there are other issues that are contributing to an abnormal menstrual cycle.</p> <p>Remember that a "normal" menstrual cycle means something different for every woman. A cycle that's regular for you may be abnormal for someone else. It's important to stay in tune with your body and to consult your doctor. Cramps are normal during PMS and they also occur when your uterus contracts as your period begins. However, some women experience excruciating pain. Also called dysmenorrhea, extremely painful menstruation is likely linked to an underlying medical problem.</p> |
